

## **XP Configuration**

1. Click on Start, then All Programs, then Accessories, then Communications and click on New Connection Wizard. You should then see the New Connection Wizard Welcome Box. Click Next.
2. Highlight the first option (Connect to the Internet). Click Next.
3. Highlight "Set up my connection manually". Click Next.
4. Highlight "Connect using a dial-up modem". Click Next.
5. Type the name of your ISP (ROLLANET). Click Next.
6. Enter the telephone number (given in your Welcome letter) WITHOUT the area code and click Next.
7. Enter your username and password and confirm the password and click Next.
8. Place a checkmark in "Add a shortcut to this connection on my desktop" and click Finish.
